

# **COGNITA**

**Prince's Gardens  
PREPARATORY SCHOOL**

## **Digital Safety Policy**

**Including E-Safety, Digital Safety Agreement and  
Bring Your Own Device (BYOD) Guidance**

**September 2020**

## 1. Introduction

- 1.1 This Digital Safety Policy sets out the roles, responsibilities and procedures for the acceptable, safe, and responsible use of all digital and communication technologies, including the use of school based devices, the internet, email, instant messaging and other social networking technologies and mobile phones and games, to safeguard adults and pupils. It details how the school will provide support and guidance to parents and the wider community (where appropriate) for the safe and responsible use of these technologies. It also explains procedures for any unacceptable use or misuse of these technologies by adults or pupils.
- 1.2 The use of the internet as a tool to develop teaching, learning and administration has become an integral part of school and home life. There are always going to be risks with using any form of communication which lies within the public domain. Therefore, it is imperative that there are clear rules, procedures and guidelines to minimise those risks whilst pupils use these technologies. These risks include:
- Being vulnerable to inappropriate contact from strangers;
  - Cyber-bullying;
  - Illegal activities of downloading or copying any copyright materials and file-sharing via the internet or mobile devices;
  - Issues with spam and other inappropriate email;
  - Online content which is abusive, offensive, or pornographic;
  - The use of social media to encourage extremism; and
  - Viruses.
- 1.3 It is also important that staff are clear about the procedures, for example only contacting pupils about homework via a school email address.
- 1.4 Whilst we endeavour to safeguard and mitigate against all risks, we will never be able to completely eliminate them all. Any incidents that may come to our notice will be dealt with quickly and according to the school's policies to ensure the school continues to protect pupils.
- 1.5 It is the duty of the school to ensure that pupils, teachers, administrative staff and visitors are protected from potential harm whilst they are on school premises.
- 1.6 The involvement of pupils and parents is also vital to the successful use of digital technologies. This policy thus also aims to inform how parents and pupils are part of the procedures and how pupils are educated to be safe and responsible users so that they can make good judgments about information they see, find and use.

## 2. Aims of this Policy

- To ensure the safeguarding of all pupils within the school by detailing appropriate and acceptable use of all online and digital technologies.
- To outline the roles and responsibilities of all pupils, staff and parents.
- To ensure all pupils, staff and parents are clear about procedures for misuse of any online technologies.
- To develop links with parents and the wider community to ensure continued awareness of online technologies.

## 3. Pupils

### 3.1 Our pupils:

- Are involved in the review of our Digital Safety Agreement through discussion in lessons and other forums, in an age appropriate way;

- Are responsible for following the Digital Safety Agreement whilst within school as agreed each academic year or whenever a new pupil starts at the school for the first time, and are required to sign that they have read and understood the rules;
- Are taught to use the internet in a safe and responsible manner through, for example, ICT and PSHE lessons;
- Are taught to immediately tell an adult about any inappropriate materials or contact from someone they do not know;
- Are made aware of the potential use of online digital technologies to expose young people to inappropriate contact from strangers and to extremist ideas and know what to do if they encounter such issues;
- Are taught and encouraged to consider the implications for misusing the internet and, for example, posting inappropriate materials to websites;
- Are taught that the downloading of materials, for example music files and photographs, needs to be appropriate and ‘fit for purpose’, based on research for school work, and be copyright free;
- Are taught to understand what is meant by e-safety through age appropriate delivery;
- Are taught that sending malicious or hurtful messages outside of the school can become a matter whereby the school may set sanctions or involve outside agencies such as the;
- Are taught not to put themselves at risk online or through mobile phone use and taught what to do if they are concerned they have put themselves at risk;
- Are given explicit guidelines and procedures for using mobile phones and other personal devices in school and are expected to abide by this policy; and
- Must connect to the internet whilst on premises owned or rented by Cognita using the pupil wireless network, and must not circumvent internet access by using a personal device’s cellular data services.

### 4. Inappropriate Use by Pupils

4.1 Should a pupil be found to deliberately misuse digital or online facilities whilst at school, appropriate sanctions will be applied. If a pupil accidentally accesses inappropriate materials, the pupil is expected to report this to an appropriate member of staff immediately and take action to minimise the screen or close the window. Deliberate abuse or damage of school equipment will result in parents being billed for the replacement costs of the equipment. Should a pupil use the internet whilst not on the school premises in such a way as to cause hurt or harm to a member of the school community, the school will act quickly and in accordance with our Behaviour Policy

4.2 Refer to Annex 1 for further guidance.

### 5. Staff

5.1 It is the responsibility of all adults within the school to:

- Adhere to the Staff Code of Conduct including Acceptable Use Policy;
- Implement the pupil Digital Safety Agreement (see Annex 2, 3 and 4);
- Be up to date with digital knowledge appropriate for different age groups;
- Be vigilant when using technology as part of lessons;
- Model safe and responsible use of technology;
- Provide reminders and guidance to pupils on Digital Safety;
- Ensure that pupils are protected and supported in their use of online technologies, and that they know how to use them in a safe and responsible manner;
- Not leave a computer or other device unattended whilst they are logged on;
- Lock away or safely secure all portable ICT equipment when not in use;
- Not connect with any pupil under the age of nineteen on any social networking site, or via personal mobile phones and follow the school's Social Guidelines. See the Social Media Policy for further detail;

- Protect confidentiality and not disclose information from the network, or pass on security passwords;
- Make sure that any information subject to data protection legislation, namely, the General Data Protection Regulation 2016 (as amended, extended or re-enacted from time to time), is not stored on unencrypted portable media or transported in an unsecure form;
- Use their discretion when communicating electronically about work-related issues and not bring the school's reputation into disrepute;
- Follow the school's 'dos' and 'don'ts' in our Email Best Practice Guide – see Annex 7;
- Not make or take personal calls or engage in personal texting when they are on duty;
- Report any concerns about a pupil related to safeguarding and e-safety to the Designated Safeguarding Lead;
- Report accidental access to inappropriate materials to the Designated Safeguarding Lead so that inappropriate sites are added to the restricted list; and
- Only use school owned devices and memory cards to take photographs or videos.

### **6. Inappropriate Use by Staff**

- 6.1 If a member of staff is believed to have misused the internet or network in an abusive or illegal manner from school, a report must be made to the Headmistress immediately. Safeguarding procedures must be followed to deal with any serious misuse, a report filed, and all appropriate authorities contacted as necessary.
- 6.2 Refer to Annex 1 for further guidance.

### **7. Parents and Visitors**

- 7.1 All parents have access to a copy of this Digital Safety Policy on our website. Parents are asked to explain and discuss the rules with their child, where appropriate, so that they are clearly understood and accepted.
- 7.2 As part of the approach to developing e-safety awareness with pupils, the school may offer parents the opportunity to find out more about how they can support the school to keep their child safe whilst using online technologies beyond school; this may be by offering parent education sessions or by providing advice and links to useful websites. The school wishes to promote a positive attitude to using the internet and therefore asks parents to support their child's learning and understanding of how to use online technologies safely and responsibly.
- 7.3 Parents should be aware that the school cannot take responsibility for a pupil's misuse or abuse of IT equipment when they are not on the school premises. This includes social networking with other pupils, and the possibility of pupils accessing inappropriate content. However, should parents or guardians become aware of an issue, we strongly encourage prompt communication with the school so we can offer advice and support. The school has a duty to report serious concerns to local authority safeguarding teams or to the police, in line with statutory requirements.

### **8. Wi-Fi Access**

- 8.1 Parents and visitors to the school are prohibited to access the school Wi-Fi as Princes Gardens preparatory School is a mobile free school.

### **9. Video and Photography at School Events**

- 9.1 Are not permitted to have visible any mobile storage device including mobile phones and must never use them around pupils regardless of age. The Headmistress may, on occasion make specific permission for the use of phones but this is extremely rare, is always away from pupils and in a parent-only environment e.g. in a coffee morning to enable parents to exchange contact details.

## **Digital Safety Policy**

---

- 9.2 For events on the school premises such as class assemblies and nativity performances etc. parents may be given specific permission to take photographs of their children but strictly on the agreement this is for private use only and never for publication or use on social media.
- 9.3 Parents are asked to be considerate when taking videos or photographs at school events and are requested not to publish material of other children in any public forum without the permission of the relevant family. It is illegal to sell or distribute recordings from events without permission. Any parent who does not wish for their child to be videoed or photographed at school events by other attendees must notify the school in advance and in writing.

### **10. Early Years Use of Mobile Phones or Device - Statutory Regulation**

- 10.1 The Early Years Safeguarding and Welfare Requirements (para 3.4) requires all schools to have a clear policy on the use of mobile phones, cameras and devices.
- 10.2 The Cognita Code of Conduct for Staff states, 'Cognita does not permit the use of personal mobile phones and cameras by staff where children are present'.

### **11. Bring Your Own Device (BYOD)**

- 11.1 Clear procedures are in place for managing BYOD, including the requirement for signed agreements from parents and pupils. See Annex 5 and 6 for further details.

### **12. The School's Responsibilities**

- 12.1 The school takes its responsibilities in relation to the acceptable use of technology by pupils and adults seriously and understands the importance of monitoring, evaluating and reviewing its procedures regularly.

### **13. Filtering and Safeguarding Measures**

- 13.1 The school's internet has a robust filtering system which is set at an age appropriate level such that inappropriate content is filtered. The system logs all attempts to access the internet, including all attempts to access inappropriate content.
- 13.2 Anti-virus, anti-spyware, junk mail and SPAM filtering is used on the school's network, stand-alone PCs, laptops and tablets, and is updated on a regular basis. Security measures are in place to ensure information about our pupils cannot be accessed by unauthorised users. Strong encryption is used on the wireless network to provide good security.

### **14. Email Use**

- 14.1 All staff are expected to use email professionally and responsibly.

### **15. The School's Use of Images and Videos**

- 15.1 The school abides by data protection legislation, namely, the General Data Protection Regulation 2016 (as amended, extended or re-enacted from time to time), and understands that an image or video is considered personal data. It seeks written consent from parents to publish images or videos for external publicity purposes, such as the website, and for internal purposes, such as a yearbook or on a parent portal. Parents and guardians may withdraw their permission at any time by informing the administration team in writing at Princes Gardens Preparatory.
- 15.2 Staff are not permitted to use their own devices or memory cards to record videos or photographs of pupils.

### 16. The Curriculum and Tools for Learning

- 16.1 The school teaches our pupils how to use the internet safely and responsibly, for researching information, exploring concepts, deepening knowledge and understanding, and communicating effectively in order to further learning, through computing and/or PSHEE lessons. The following concepts, skills and competencies are taught through the school in an age appropriate manner:
- Digital citizenship;
  - Future work skills;
  - Internet literacy;
  - Making good judgments about websites and emails received;
  - Knowledge of risks such as viruses, and opening mail from a stranger;
  - Access to resources that outline how to be safe and responsible when using any online technologies;
  - Knowledge of copyright and plagiarism issues;
  - File-sharing and downloading illegal content;
  - Uploading information – knowing what is safe to upload, and not to upload personal information; and
  - Where to go for advice and how to report abuse.
- 16.2 These skills are taught explicitly within the computing curriculum but are likely to be covered in other subjects; pupils are taught skills to explore how online technologies can be used effectively, in a safe and responsible manner. Further details about the content of the curriculum related to ICT can be found in the computing and PSHEE curriculum documentation.

### 17. Monitoring

- 17.1 It is the responsibility of the school to ensure appropriate systems and technologies are in place to monitor and maintain the safeguarding and security of everyone using the school network. The school will monitor the use of online technologies and the use of the internet by pupils and staff. Class and computing teachers will conduct regular audits with pupils to assess their knowledge and understanding of issues related to e-safety and act on any areas of vulnerability.
- 17.2 To audit digital safety and the effectiveness of this policy, the following questions should be considered:
- Has recording of e-safety incidents been effective – are records kept?
  - Did the school feel able to respond effectively to any incidents?
  - Were incidents resolved to the best of the school's ability?
  - Do all pupils demonstrate an awareness of e-safety appropriate to their age?
  - Have complaints or concerns with the policy been recorded and addressed?
  - Have there been significant developments in technology that should be addressed either within the curriculum or as part of staff awareness training?
  - Is the policy clear to all staff and seen as appropriate and working?
  - Is the current wording fit for purpose and reflective of technology use in the school?
  - Do all members of the school community know how to report a problem?
  - Is e-safety observed in teaching and present in curriculum planning documents?

### 18. Social Media

- 18.1 For advice relating to the use of social media, please refer to the Social Media Policy.

### Annex 1: Procedures for Staff in the Event of a Breach of this Policy by a Pupil or Adult

(A) An inappropriate website is accessed inadvertently:

- Report to Designated Safeguarding Leader who will record this in a written log.
- The Designated Safeguarding Leader will contact ICT Support via email so that it can be added to the banned or restricted list.

(B) An inappropriate website is accessed deliberately:

- Ensure that no one else can access the material, by shutting down the computer;
- Record the incident in writing;
- Report to the Headmistress immediately;
- The Headmistress applies the Behaviour Policy.

(C) An adult receives inappropriate material:

- Do not forward this material to anyone else – doing so could be an illegal activity;
- Alert the Designated Safeguarding Leader immediately.
- Ensure the device is shut down and record the nature of the material.

(D) An adult has used ICT equipment inappropriately:

- Follow the procedures for (B).

(E) An adult has communicated with a pupil, or used ICT equipment, inappropriately:

- Ensure the pupil is reassured;
- Report to the Headmistress who should follow the Staff Code of Conduct and Safeguarding Policy (if relevant);
- Preserve the information received by the pupil if possible, and determine whether the information received is abusive, threatening or innocent; and
- If illegal or inappropriate use is established, contact the Headmistress (or the DE (Cognita Director of Education), if the allegation is made against the Headmistress) and the Designated Safeguarding Lead immediately, and follow the Safeguarding Policy.

(F) Threatening or malicious comments are posted to the school website or distributed via the school email system (or printed out) about an adult in school:

- Preserve any evidence; and
- Inform the Headmistress immediately and follow the Safeguarding Policy as necessary.

(G) Where images of staff or adults are posted on inappropriate websites, or have inappropriate information about them posted anywhere:

- The Headmistress should be informed.

## Digital Safety Policy

---

### Annex 2 – Digital Safety Agreement for Pupils in Early Years and Year 1

The internet and mobile technologies have become integral in learning. We expect all children to be safe and responsible. Please read and discuss these computing and e-safety rules with your child and return this document when signed by you both. If you have any concerns or would like some explanation please contact your child's class teacher.

All children must follow these rules. The teachers at Princes Gardens Preparatory School will show children how to use the iPads and other mobile technologies.

#### This is how I stay safe:

- I will use iPads and other mobile technology safely and carefully.
- I will only use the iPads and other mobile technology when a grown up is nearby.
- I will only use activities allowed by a teacher or teaching assistant.
- I will always ask if I need help or if I am worried I may have done something wrong.
- If I see something that upsets me, I will tell my teacher or another adult.
- I will never give my name or address to people I do not know.
- I will take care of all the equipment at Princes Gardens Preparatory School.

#### I know that if I do not follow the rules:

- I may not be able to use the iPads or other mobile technology.

#### I understand the rules and have talked to my parents about what they mean.

Child's signature:		Class:

**I have discussed the computing and e-safety rules with my child and support this code at Princes Gardens Preparatory School.**

Parent's signature:		Date:	
---------------------	--	-------	--

### **Annex 3 – Digital Safety Agreement for Pupils in Years 2 – 6**

Using the internet is a privilege therefore; we need to make responsible choices while using the internet. We agree that we should all be able to feel safe and that the consequences of not practising safe and responsible usage of the internet can be serious and dangerous.

#### **My behaviour when using the iPad, laptops and the Internet at school**

- I move around the classroom safely when working an iPad /laptop.
- I use two hands when I hold our iPad.
- I never change the settings or background of the school iPads/laptop.
- I will not share my name, address, password, phone number, photographs or plans online.
- I will not bring in mobile phones or iPads/tablets into school.

#### **Finding Information and Research on the Internet**

- I understand that at school only websites approved by teacher can be used and out of school only websites that are approved by my parents and family.
- I understand that at school, use of the Internet is only allowed with staff permission and supervision.
- I understand that outside school, parental permission and supervision is needed for use of the Internet.
- I understand that I should not believe everything I read – I should always double-check my facts.
- I respect copyright and never copy and paste text from the Internet.
- I can use images from the Internet to enhance our work.
- I should always select pictures appropriate to the topic.

#### **Sending and receiving messages**

- I am respectful when sending messages; we talk to each other online the way we would talk to each other in person.
- I take care to talk online only to people I know.

#### **The Stop and Show Rule**

**If we see anything that makes us feel uncomfortable, we do not like or we are not sure about, we tell an adult straight away! Stop and Show!**

**I have read this guide with my parents and I agree to follow the code at all times.**

### Annex 4 - Bring Your Own Device (BYOD) Policy

#### Introduction

We seek to be at the forefront of developing a meaningful, flexible and engaging Digital Policy that enhances an already excellent educational provision. We remain clear that the best resource in each classroom is a highly qualified, well informed and enthusiastic teacher. Through our digital strategy, we seek to broaden the educational experience and expertise of the school in a way which prepares our pupils and staff for a fast changing digital world. We firmly believe that by providing additional resources and opportunity through the digital environment, our pupils will thrive academically and become better prepared learners for their careers. Use of devices can enhance learning. However, any pupil that chooses not to use a device will not be disadvantaged in their learning.

#### Links with other policies

This policy should be read in conjunction with other policies, such as the Staff Code of Conduct Digital Safety Agreement and Safeguarding Policy.

#### Objective

Our objective is to enable pupils to safely use digital devices to further their learning. However it is our school policy to only use school owned devices except in special circumstances such to support special needs learning and when a pupil has special permission from the head.

#### Information for pupils and parents and/or guardians

- Pupils will need to get special permission to bring in a mobile device into school and will need to be handed in the school receptionist in the morning and collected at the end of the day.
- Pupils who have special permission to bring in a mobile device must use their device in accordance with the school's Digital Safety Agreement.
- Pupils must follow their teachers' directions as to appropriate use of their devices in class and must not use their device unless instructed to do so by a teacher. Using a device without permission will result in the device being confiscated and a parent and/or guardian will be required to collect the device from reception in accordance with the school policy on mobile devices.
- Pupils must connect their device to the designated wireless data network supplied by the school. Pupils must not bridge the school's designated network to any other network.
- Use of the device during the school day is at the discretion of teachers and staff. Pupils must use their device only as directed by their teacher.
- The device should only be used for educational purposes.
- Devices must remain on silent at all times.
- Devices must remain in bags unless permission for use is given by the teacher.
- Devices must be brought to school fully charged. The school does not provide facilities to charge devices.
- Each pupil is solely responsible for the care of their device and their conduct whilst using their device at all times whether at school, home or out of school.
- Pupils must be able to clearly identify their device.
- Devices may not be used during break/lunch unless the pupil has received permission from the school.
- All devices should be securely stored in the classroom or with the receptionist.
- Devices should be covered by an up to date insurance policy.
- The school's Digital Safety Agreement applies to all pupils using any device in any school. It is a condition that all pupils adhere to this policy.
- The device should have adequate, valid and up to date anti-virus software installed.
- There should never be an expectation that pupils must have a device. Use of a device should be in addition to excellent teaching.

## **Digital Safety Policy**

---

- The school accepts no liability in respect of the loss or damage to devices while at school or during off-site activities.
- The decision to bring a device into school rests with the pupils and their parents/guardians, as does the liability for any loss or damage that may result from the use of a device in school.
- Teachers should encourage and facilitate the use of pupils' devices in their classes only where they deem it appropriate. Pupils' use of their own devices in class is, however, at the sole discretion of the teacher.
- Teachers should follow standard discipline procedures if a pupil is using a device without permission.
- Pupils from all year groups who have been identified via the Learning Support department are able to use their devices where appropriate.
- The SENCO (Special Educational Needs Coordinator) will inform staff if pupils are permitted to use a device in lessons due to medical and/or accessibility reasons to enable them to access the curriculum.

### **Information about the school's role**

The school:

- Has an expectation that all pupils who bring their own device will connect to the school's filtered wireless network;
- Does not provide any support to assist pupils with establishing network connectivity with their device;
- Accepts no responsibility or liability for loss or damage to, or for maintenance or repair of, a pupil's device; and
- Does not provide any insurance cover for devices brought to school.

### **Appropriate Devices**

- Devices will be carried throughout the school day so it is important that they are lightweight. The school supports both Windows and Apple devices.
- Devices must have a supported version of any of the following web browsers: Internet Explorer, Chrome and Safari.
- Devices should be charged before being brought into school.

### Annex 5 - BYOD Parent and Pupil Agreement

#### Parents/Carers

The school accepts no liability in respect of the loss or damage to personal devices while at school, outside of school or during school off-site activities. The decision to bring a device into school rests with the pupil and their parent(s) and/or guardian(s), as does the liability for any loss or damage that may result from the use of a device in school. It is a condition of allowing pupils to bring in devices into school that the parent and/or guardian countersign this BYOD policy accepting this disclaimer.

#### Bring Your Own Device (BYOD) - Information for parents and/or guardians

- There should never be an expectation that pupils must have a device. Use of a device should be in addition to excellent teaching.
- The school accepts no liability in respect of the loss or damage to devices while at school, outside of school or during off-site activities.
- The decision to bring a device into the school rests with the pupils and their parents/guardians, as does the liability for any loss or damage that may result from the use of a device in school.
- Devices should be covered by a valid up to date insurance policy.
- The school's Digital Safety Agreement applies to all pupils using all devices in schools. It is a condition that all pupils adhere to the policy.
- The device should have adequate, valid and up to date anti-virus software installed.

I have read the Bring Your Own Device Policy (BYOD) points above and give approval for the use of a personal device in school. I understand that the school accepts no liability in respect of any device used in school by a pupil. I have read the Digital Safety Agreement and will support the school in its implementation.

Name (Parent/Carer) .....

Signed .....

Date .....

#### Bring Your Own Device (BYOD) - Information for pupils

- Prior to bringing a device to school for the first time, pupils and their parents and/or guardians are expected get written permission from either the Headmistress of the school or the SEN coordinator to read this agreement, which sets out the responsibilities and expectations for use of devices. By bringing a device into school, pupils and parents and/or guardians are accepting the terms of this policy and the Digital Safety Agreement.
- Pupils must follow teachers' directions as to appropriate use of their devices in class and must only use their device when instructed to do so by a teacher. Using a device without permission will result in the device being confiscated and a parent and/or guardian will be required to collect the device from the school office in accordance with the school policy on mobile devices.
- Pupils should connect their device to the school's wireless network and must not use a VPN.
- Use of the device during the school day is at the discretion of teachers and staff. Pupils must use their device only as directed by their teacher.
- The device should only be used for educational purposes.
- Phones must remain on silent at all times.
- Phones must be handed in to the receptionist at the start of each day and collected at the end of each day unless permission for use is given by the teacher.
- Devices must be brought to school fully charged. The school does not provide facilities to charge devices.

## Digital Safety Policy

---

- Each pupil is solely responsible for the care of and their conduct on their device at all times whether at school, home or out of school.
- Pupils must be able to clearly identify their device.
- Devices may not be used during break/lunch unless they have permission from the Head teacher.
- Any breach of the above rules, including a phone being used or ringing in a lesson, will result in the technology being confiscated and given to the school office until the end of the school day. If the rules are breached more than once, you may not be allowed to bring technology into school.
- The device should have adequate, up to date and valid anti-virus software installed.
- Ultimately the decision as to whether a device is being misused lies in the sole discretion of a teacher or member of staff.

### Digital safety for pupils

I am encouraged to use and be aware of the safety rules and procedures which regulate my use of devices, including the internet. Access to the school's network and the internet enables me to find resources, to communicate appropriately (in accordance with this policy), and to help my research for the completion of school work. I accept that these facilities are to be used for educational purposes only and in an appropriate manner. I take responsibility for my actions and know that any breach of the rules will be considered a serious disciplinary matter.

- I accept that the school monitors my use of the internet at school.
- If I bring a device to school, including a mobile phone, I agree to log on to the internet via the school's Wi-Fi but only on the teachers' instructions.
- I will not access, create or display any material (images, sounds, text, and video) which is likely to cause offence, inconvenience or anxiety to anyone.
- I will follow fully our teachers' instructions over the use of my device and the internet.
- I do not assume that information published on the Web or written in an email is accurate.
- I will keep my username and password confidential.
- I will be careful about what I write on a computer. I will check my work before I print or send it.
- I will not use bad language or write racist, sexist, abusive, homophobic or aggressive words. I will not write things that could upset or offend others.
- I understand that sending malicious messages outside of school can become a matter whereby the school will impose sanctions or involve outside agencies such as the police.
- I am aware that my online activity at all times should not upset or hurt other people and that I should not put myself at risk.
- I will not make available online any personal information about myself or anyone else, such as an address, telephone number and private details, in any form.
- I will not respond to offensive, abusive or rude messages. I will let a teacher know immediately if I am sent anything I do not feel comfortable with.
- At school I will not go to sites or download any materials which are in bad taste, offensive, violent or pornographic.
- If I quote from a text I will always attribute my sources and acknowledge use of anyone else's ideas, images or data by citing the author, using quotation marks, and compiling a bibliography as required.
- I will always respect the privacy of other users' data.
- I will report to a teacher any incident that breaches the Digital Safety rules, even if that incident does not affect me.
- I will treat other pupils' devices and school ICT equipment with respect and will report any damages to a teacher.
- If I damage a piece of school equipment I will be charged for its replacement.
- I will not bring the school's name into disrepute; I will check my school emails regularly to enable me to work and learn effectively.
- I will follow the school rules on academic honesty and not practice plagiarism.

## **Digital Safety Policy**

---

- I know that if I am worried about something related to technology outside of school I can ask for advice or help from my teachers.
- I will not hack or bypass any hardware or software security implemented by the department or my school.
- I will not use social media sites or apps such as Facebook, Twitter, Instagram or Snapchat whilst in lessons. I will also not post anything harmful, offensive or discriminating on social media whilst in school or outside of school.
- I will not use my device for cheating. This includes messaging or using the internet for answers to tests or exams.
- I will make available my device to teachers when asked.
- I will report any cyber bullying, whether it be myself or others, to teachers or a member of staff immediately.

I have read the Bring Your Own Device (BYOD) points above and agree to follow them. I understand that if I break or abuse the rules, the school has the right to remove the privilege of using a device in school. I have read the Digital Safety Agreement and will adhere to it. I understand that if I break any rules within the school's Digital Safety Agreement, or those within the BYOD Agreement, I will be subject to sanctions. This may include loss of access to the school network and/or the internet, contact with parents and/or guardians and the loss of permission to bring a device into school.

I understand that any digital images and/or names, addresses, email addresses, telephone numbers or the personal details of pupils and staff which are present on my device are considered personal data and as such are covered by strict data protection laws. I undertake that such images will not be used or shared in any form without prior written consent.

### Annex 6 – Email Etiquette

#### Email best practice

- Write well-structured emails and use short, descriptive subjects.
- Sentences can be short and to the point. You can start your email with 'Hi', or 'Dear', and the name of the person. The use of internet abbreviations and characters such as smileys is not encouraged.
- Signatures must include your name, job title and school name. A disclaimer should be added underneath your signature.
- Users must spell check all mails prior to transmission.
- Only mark emails as important if they really are important.
- Avoid long strings of messages; start new conversations.

#### Do not

- Write it in an email unless you would put it on a noticeboard in the office or in a newspaper.
- Write anything that is libellous, defamatory, offensive, racist or obscene - you and the school can be held liable.
- Forward confidential information - you and the school can be held liable.
- Forward a message with sensitive information without acquiring permission from the sender first.
- Send email messages using another person's email account.

## Digital Safety Policy
